ROULETTE AT PECHANGA RESORT CASINO OFFERS AN EXCITING GAMING EXPERIENCE. ENJOY WAGER COMBINATIONS AND AN ARRAY OF MINIMUM AND MAXIMUM BETS FOR ANY STYLE OF PLAYER.

How to Play Roulette

A roulette table covers numbers 1-36, including 0 and 00 respectively, for 38 possible outcomes on each turn.

1. Roulette begins once players have placed their bets.
2. The dealer will throw a ball into a spinning roulette wheel.
3. The ball will then land on a color on the roulette wheel. There are three alternating colors: red, black, and gold.
4. The dealer draws three cards corresponding to these colors during the spin. They are placed face down until the ball stops on one of the three colors on the wheel.
5. The corresponding cards will then be flipped over, revealing the winning number for that turn. Winning bets will then be paid out according to the table below.
